Title: ARYAN BROTHERHOOD OF TEXAS, aka ABT;
DOMESTIC TERRORISM

Synopsis: To advise FBIHQ of pertinent intelligence gathered on Aryan Brotherhood of Texas (ABT).

Details: The Aryan Brotherhood of Texas (ABT) is a White Supremacist Organization controlled from within the Texas Prison System. The ABT's racist philosophies align them with race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group.

The organizational control has historically been controlled by five controlling "Generals" who make up the "Wheel." "Wheel" members are normally incarcerated within the Texas Prison System. Each of the "Wheel" members controls a region of Texas. Regions are divided by county. The control is exercised through a paramilitary structure with a ranking Major in charge of each region and Captains and Lieutenants in charge of each representative city or county within the region. In 2002, a power struggle occurred within the ABT when certain members desired a three "Wheel" organization. This struggle over organizational structure has resulted in heightened violence within the group.

The ABT is grounded in racial views that are shared by other white supremacist groups. The group holds to the philosophy that the white race should not be diluted by other races. The ABT is concerned that the white race will one day become a minority.

Illegal activity the ABT is known to engage in includes the trafficking of illegal drugs, to include methamphetamine, cocaine and marijuana, the trafficking of firearms, contract murders and Public Corruption.

Due to the power struggle within the group and the organization's willingness to inflict violence, up to six murders and four known attempted murders in Texas have occurred within the past three years.

There are more than 1,000 documented ABT members in Texas.

Synopsis: Request San Antonio Division identify subjects/members/associates that reside in Kansas City Division territory who have been identified/associated with above captioned investigation.

Details: Following the 09/11/2001, terrorist attacks, the Kansas City Division reassigned a significant amount of resources from the Domestic Terrorism (DT) program to address the Pentbom investigation and other International Terrorism (IT) matters. The JTTF is now able to fully address DT issues and assist other field offices with their ongoing Full Field Investigations (FFI).

It is anticipated that most divisions having FFI's will have significant intelligence information, to include telephone records, which could be the basis for opening PI/FFI's within the Kansas City Division. It is pointed out that Kansas City territory includes the western two-thirds of Missouri and the entire State of Kansas. In view of the above, the following telephone area codes are being provided to the office of origin in order to assist in identifying possible subjects within the Kansas City Division:

Gang leader sentenced for murder conspiracy

By Dick Stanley

AMERICAN-STATESMAN STAFF

A leader of the Aryan Brotherhood of Texas, a notorious white supremacist prison gang, was sentenced to 75 years in prison for ordering his followers to carry out a murder that backfired in Austin last year.

William David Maynard, 32, of Austin, described by the FBI as a member of the gang's "wheel," or five-man steering committee, was sentenced in 390th District Court in Austin by visiting Judge Frank Maloney.

Maynard's defense lawyer, Kent Anschutz, could not be reached for comment.

The severity of Maynard's

sentence was partly because he had been on parole for felony convictions in 1993 for aggravated assault with a deadly weapon, theft and possession of a controlled substance.

In the most recent case, Maynard was accused of ordering the killing of Austin gang member Todd Christian. The plot was uncovered after multiple shootings April 1 at Southpoint Apartments, 6808 Interstate 35 South. Police described the 1 a.m. shootings as a botched hit on Christian in an internal war in which several members of the gang were being killed across the state.

According to a police investigation, the hit on Christian

went wrong when one of the would-be assailants turned his gun on the other. Shortly after Matthew Paulk and Freddie Osmer arrived at Christian's apartment complex, allegedly intent on murder, Osmer shot Paulk in the throat.

Paulk was arrested for possession of a Tech 9 semiautomatic pistol. Osmer was arrested on a capital murder charge. Police said the pair were en route to kill Christian, who lived at Southpoint.

Maynard, his brother Frank Maynard of Austin and Christian also were arrested shortly after the incident.

Austin police were assisted in their investigation by the FBI and the Bureau of Alcohol, Tobacco and Firearms, which have tracked the gang for many years because of its involvement in the interstate trafficking of drugs and weapons. It is believed to have formed in the early 1980s as an offshoot of the Aryan Brotherhood, which began in California in the 1960s.

William David Maynard

State leader of white supremacist group ordered followers to kill.

The gang's motto "Kill to get in; die to get out," is an indication of why it might be purging some of its members, officials said.

Assistant Travis County District Attorney Bill Bishop said Frank Maynard, who Bishop said is not a member of the gang, and gang member Jamie Loveall of Houston pleaded guilty late last year.

Frank Maynard received eight years in prison for threatening his arresting officers. Loveall received 25 years for participation in the murder conspiracy case.

Trials are still pending in the conspiracy case for Osmer and for Christian, who shot back at his assailants, Bishop said.

Details:

Background:

Captioned organization is primarily a prison-based gang, organized circa 1967 in California, migrating to the Texas prison system in 1984. Its original intent was to combat growing numbers of African American inmates by providing protection for whites serving time in prison.

Prior to 1979 the Texas Department of Criminal Justice (TDCJ) maintained control over racial tensions within the prison system by segregating entire prison units. Whites, African Americans, and Hispanics were housed within different cell blocks of the same unit. Job assignments within the prison and field work teams were also divided by race.

Simultaneously in 1979, TDCJ ended its reliance on "prison tenders", inmate guards, whose primary duties were to be the guards' eyes and ears and to report inmate activities to the prison administration.

As a result of these and other changes, an authority vacuum was created. In this vacuum, racial tension increased, resulting in elevated levels of violence and the emergence of prison gangs, including the ABT.

To: Criminal Investigative From: DALLAS
Re: 266B-DL-99024, 04/14/2003

Statistics compiled by a study referenced on the internet indicated that as of November 2002, there were over 685 confirmed and 230 more suspected ABT Members throughout the TDCJ. TDCJ estimated that approximately seventy five to eighty percent of these members were incarcerated at any given time. ABT Members, not incarcerated, are actively expected to continue to assist, support and "score" for members remaining in prison.

The ABT aligns itself with other white supremacy groups and believes in a "whites for whites only" society. The ABT believes the biggest threat to a white society is not from African Americans or Hispanics, but from the Jewish Community. ABT members believe the news media, most major corporations, and all American and International Banks are controlled by Jews. They further believe the Israeli Government has too much influence over the United States Government, including Congress and the Office of the President.

While the ABT may hold many racial views shared by other Neo-Nazi organizations, this does not prevent them from working with groups such as the Mexican Mafia or the Texas Syndicate. The ABT has entered into business contracts and "treaties" with these and other criminal organizations for the sole purpose of making money. As one ABT Members put it "the color of money is green."

ABT members also provide money support through many activities including extortion, contract killings, drug manufacturing and trafficking, prostitution, and check and credit card fraud. Proceeds from these activities are funneled back into the ABT organization through mail drops, legitimate bank accounts, and deposits into inmate accounts within the TDCJ.

The ABT is structured as a para-military organization, controlled by a Steering Committee (SC) referred to as the "Wheel". The Wheel consists of five members commonly referred to as Generals or Wheel Members (WM). Each WM is responsible for a geographic area known as a "Region", with complete control over the ABT members in his region. Regions are divided by county. The Wheel controls both the "free world" and prison activities throughout the region through intimidation, coercion, and through the sharing of profits from criminal activities.

The current leadership or Wheel Members for the ABT are -

Each WM has two Majors, ranking members responsible for ensuring orders issued by the WM are carried out and for the collection of proceeds from illegal activities. One major operates from inside prison and one outside prison.

Under the position of Major are lieutenants and captains who are assigned by county and city within a given Region. These positions are primarily responsible for transporting and distributing controlled substances. Other duties include the recruitment of new members and the intimidation or killing of members who fail to follow orders.

Title: ARYAN BROTHERHOOD OF TEXAS, aka ABT;
DOMESTIC TERRORISM

Synopsis: To request renewal of the initial Preliminary Inquiry of captioned case for a period of 90 days.

Details: The Aryan Brotherhood of Texas (ABT) is a White Supremacist Organization controlled from within the Texas Prison System. The ABT's racist philosophies align them with race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group.

The organizational control has historically been controlled by five controlling "Generals" who make up the "Wheel." "Wheel" members are normally incarcerated within the Texas Prison System. Each of the "Wheel" members controls a region of Texas. Regions are divided by county. The control is exercised through a paramilitary structure with a ranking Major in charge of each region and Captains and Lieutenants in charge of each representative city or county within the region. In 2002, a power struggle occurred within the ABT when certain members desired a three "Wheel" organization. This struggle over organizational structure has resulted in heightened violence within the group.

Intelligence gathered from Texas Department of Criminal Justice (TDCJ) suggests the [redacted]

REFERENCE GUIDE

1. ~~Teach the new member the meaning of unity.~~
2. The member must realize that our racial beliefs are not to interfere in the daily affairs of the tip; they're to be put aside when conducting tip biz.
3. Loyalty to the tip is always first; every decision must be based on what is best for the tip as a whole, personal feelings will not factor in making decisions on tip business. Loyalty to a brother becomes second.
4. We have a procedure for virtually any situation that may arise; we have these for a reason, teach the new member to use this procedure. (i.e. C.O.C.)
5. Membership to the tip is for life; be sure the new member is fully aware of this, and the consequences of any failure to uphold this commitment.
6. Explain the reason for our "need to know" policy, if this is not explained, the member may feel excluded and feel resentment for his being left out. Let him know why he is not included on certain things.
7. Teach the new member that his every action can and will reflect back on the tip as a whole, therefore, he should always conduct himself in the proper manner to earn the respect of those around him.
8. Be sure the new member is aware of our By-Laws, these can be safely shown to the new member, albeit only the By-Laws, explain these to him and quiz him on a regular basis, never assume he has had them awhile, so surely knows them.
9. Explain to him how our rank works, that every order is to be followed, regardless of the personal feelings; ask questions later these orders are given for a reason that will benefit this tip in some manner. Follow orders.
10. Explain that any accusation will be backed w/proof, or will be kept to himself, telling another member any rumor about a brother will be treated as dissension, this will not be tolerated by anyone. Explain that the burden of proof lies with the accuser.
11. Explain to the new member that the police are to be given respect, so long as they show mutual respect in return, no unnecessary disrespect will be shown to them, as long as officer has earned our respect. Heat on one is heat on the tip as a whole and will not be tolerated.

12. Explain that any problems w/ other families are to be brought to his immediate rank, and not blown out of proportion, these also will require proof before any resolution can be sought; we have a method for dealing w/ these, be sure he is aware of this.
13. Stress the point that our personal feelings have no bearing on how we are to conduct ourselves w/ outsiders when handling tip business; neither are they to come between two brother, if he has a problem w/ a brother, it will be attempted to resolve this face to face or on paper, never will our conflicts be aired out over the run or in the face of outsiders.
14. Each brother has a responsibility to this tip to strive for the betterment of it, we do not need decoration as it is, we need brothers that have the ability to think and act for themselves, stress the fact that we should all be seeking some knowledge to better ourselves, which, in turn will better our abilities to progress this tip further.
15. Explain how our C.O.C. works, this is the area we have had extreme problems w/ in the past. Stress the fact that we all answer to our immediate rank, we do this to shortstop and confusion, so we don't have 5 people all trying to solve the same problem, and all having a different solution to the problem.
16. Explain that writing other brothers is fine, albeit tip affairs will not be aired through the mail, if in needs be known else-where, we have someone taking care of that, it not his responsibility to conduct tip biz.
17. Remember, as a sponsor you're the responsible for the conduct of your charge, sponsorship can only be terminated by the tip itself, if it comes out later that an individual has not properly schooled his prospect, he will be held liable, and disciplinary action will be taken on said individual for his lack of concern and dereliction of the responsibility he is under oath to give the tip.
18. Do not ever mislead a new member, be totally honest w/ him, as you want the same in return; our views and goals are set for the outside world, be sure he is aware of his responsibility once released from prison.
19. Make sure the new member is aware that he will be required to make the tie of loyalty to the tip, albeit in most cases, this will be done upon release from prison, in some cases, if the individual in question has a lot of time to do, we may make exceptions to the rules, but each case will be decided on by elders of the tip on an individual basis, as most cases go, this will be done on the outside.
20. Explain that upon release from prison, the new member will be expected to maintain contact w/ the members out there, and his duties will

continue as needed, this is a life-time commitment, it does not stop when you hit the brick; actually, that is when it really begins, as our goals are for every brother to meet up out there, and conduct tip business just as is expected of him in here.

21. No members' name are to be sent through the mail, unless this has been approved by a ranking tip member well in advance. Make sure this is known.
22. We do not discuss tip business w/ anyone except tip members and then it must be first approved by your immediate rank.
23. Let him know he is encouraged to ask question about anything he doesn't fully comprehend, he won't be laughed at for asking, as the only stupid question is the one unasked; if he doesn't ask, then how can he be expected to know, express this fact to him often, none of us knows everything, albeit a lot of people think we do, if he doesn't know, ASK!!!!!!
24. Members will conform to the tip. He should not expect for the tip to conform to his personal wants, as we will not.
25. Each PM will go through a 1-year minimum in the PM status before allowed a vote for full status. There will be no maximum on the PM status.

b6

BY-LAWS

1. You must be sponsored by a brother. The sponsor is openly responsible to see that you are schooled properly. In an instance where the sponser is not in the immediate area to be able to school you another member may be assigned to you. When the sponser feels you are properly schooled he will notify rank on the unit. There is no set time limit. When all feel you are ready and have proven your loyalty to the tip, you will be put up for a vote to either make or terminate your sponserhip. Three "no" vote will terminate your sponserhip and you can never be sponsored or brought up for vote again.
2. You are to work closely with your sponser or whoever is assigned to you. Any problems or questions should be directed to your sponser, since your sponser is, in a sense, your immediate rank. Except under unusual circumstances, all business concerning you will be handled through your sponser.
3. For you, learning and abiding by all by-laws is top priority. Discipline is rigorously demanded. All order must be followed without question or hesitation.
4. Loyalty to the tip comes first. Loyalty to the tip comes second. Personal feelings will not interfere in the way family business is handled.
5. You must carry yourself in a respectable manner in order to receive respect. You must show and accept it in return. At all times be aware the mirror image. In representing our brand, your words and actions reflect on the family as a whole. Avoid situations that invite disrespect. There will be times when tempers will flare and this is understood to a point. For the most part, all effort will be put into handling family matters in the most respectable manner.
6. If a problem arises between you and an outsider that is not easily solved, you will seek advice from your sponser unless it is an emergency situation.
7. You will never under any circumstances divulge any information concerning business, regardless of how unimportant it may seem, to anyone outside the family. When given orders, you are not to talk about it to anyone including other members, unless specifically told to do so by his sponser.

8. You will be restricted to a limited amount of knowledge concerning family business. You will know what is necessary to complete your assigned task. This protects the family in any case you receive a termination vote, you can be cut loose without repercussions, as you possess no vital information that can harm the tip. We also enforce the "need to know" policy on all members and vital projects.
9. You will follow the chain in all matters including grievance procedures.
10. Internal strife will not be tolerated. There will be times when personal conflicts will arise. If it becomes a problem, it should go immediately to rank to be resolved.
11. Making a serious accusation against another brother is a grave matter, thus the burden of proof lies with the accuser. If the accuser fails to prove the accusation, the accused will be able to set whatever punishment he deems necessary on the accuser for having falsely accused him. Whatever punishment the accuser sets will be adhered by the tip. Something of this matter must be taken through the chain of command, and not spread among other members of the family.
12. Our strength lies in unity and solidarity. Any attack on the family be it verbal or physical, on you or any of the rest of us, is considered a threat or attack on the family. All members are required to come fully together to counter the threat attack on the family.
13. You cannot speak for the family as a whole unless specifically told to do so.
14. You should never place the family in a position of war debt or obligation unless specifically told to do so by rank. Our integrity comes from our ability to keep our word. Your debts when you cannot pay them become family debts. So before making gambling debts, or promissory notes be sure you have the necessary funds in your account to cover them.
15. Police are to be given respect, so long as they so mutual respect. No unnecessary disrespect will be shown to them as long as the officer has earned our respect. Heat on us is heat on the family and will not be tolerated.

16. Upon release from prison you will be expected to maintain contact with your ranking/general members and your duties will continue as needed. Your commitment does not stop when you hit the bricks, that is when it actually begins. Our goal is for all brothers to meet on the outside and expand.

17. Any problem with Chicano families are to be brought to the attention of your immediate rank. We have long standing agreements with these other families. When a problem arises, Your ranking member will bring it to the attention of his counterpart of the family in question. In this matter a resolution can be worked out respectfully.

18. You are encouraged to ask questions about what you do not fully understand. If you do not ask, then how will you ever know??? NO one of us knows everything, so if you have a question ask it!!

Title: ARYAN BROTHERHOOD OF TEXAS;
OO: SAN ANTONIO;

Synopsis: To request SAC approval for extension of the captioned Preliminary Inquiry (PI) for 90 days.

Preliminary Inquiry Instituted: 03/07/2003, set to expire 09/07/2003.

Details: In March of 2003, captioned investigation was initiated into possible terrorist activities of captioned organization. The Aryan Brotherhood of Texas (ABT) is a White Supremacist Organization. The ABT leadership and membership is dispersed throughout the State of Texas and Texas Prison System. The ABT's racist philosophies align them with race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group. The ABT is grounded in racial views that are shared by other white supremacist organizations. The groups hold to the philosophy that the white race should not be diluted by other races. The ABT is concerned that the white race will one day become a minority. The ABT is conducting extensive coordinated criminal activity throughout the State of Texas in futherance of its social objectives. Illegal activity the ABT is known to engage in includes the trafficking in illegal drugs, to include methamphetamine, cocaine and marijuana, the trafficking of firearms, contract murders and Public Corruption. The ABT has a constitution and by-laws that govern the organization and set protocol.

The local cell of the ABT has been involved in several murders, aggravated assaults, weapons violations and narcotics trafficking. The murders and assaults are centered around [REDACTED]

[redacted] The ABT command structure is made up of five (5) geographic regions within the state each headed by a general or wheel member

b6
b7C

[redacted]

The ABT hierarchy is structured along basic military rank as alluded to earlier. There is a general for each of the five (5) regions. Under the general there is a major. The major is the second in command for the entire region and may in fact be on the outside, this helps the general maintain influence even while incarcerated. There is a captain or two-bar for each major city. There also may be a captain for each county within a region. For example, Austin has a captain for the city, but so does Travis County. Austin is located within Travis County. The captain and major are appointed by the general and as such loyal to him. The captain will appoint a senior and junior lieutenant for his geographic area. There will also be a number of sergeants within a given area. The rest are brothers.

The State of Texas is broken into five regions. Region One is Houston/Beaumont area, [redacted]

[redacted] Region Two is the Dallas/Fort Worth area, [redacted]
[redacted] Region Three is the Lubbock/Amarillo area, [redacted]
[redacted] Region Four is the El Paso/San Angelo area, [redacted]

Title: ARYAN CIRCLE

DT/TERRORISM ENTERPRISE INVESTIGATION

Synopsis: To provide information in support of San Antonio's investigation.

Details: The Aryan Brotherhood of Texas (ABT) is a White Supremacist Organization controlled from within the Texas Prison System. The ABT's racist philosophies align them with race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group.

The ABT is grounded in racial views that are shared by other white supremacist groups. The group holds to the philosophy that the white race should not be diluted by other races. The ABT is concerned that the white race will one day become a minority.

Illegal activity the ABT is known to engage in includes the trafficking of illegal drugs, to include methamphetamine, cocaine and marijuana, the trafficking of firearms, contract murders and Public Corruption.

Due to the power struggle within the group and the organization's willingness to inflict violence, up to six murders and four known attempted murders in Texas have occurred within the past three years.

Gang member guilty in 2002 attack

Man faces up to life sentence in attempted killing of fellow Aryan Brotherhood member

By Sarah Coppola

AMERICAN-STATESMAN STAFF

GEORGETOWN—An Aryan Brotherhood gang member was found guilty Wednesday of helping carry out a gun attack on a fellow gang member last summer.

Warren Confer and three other accused gang members—Kimela Trump, 35; Shane Saunders, 27; and Matthew Cox, 31—were charged with assaulting Shawn Forrest in July 2002.

Confer, 32, was the first to stand trial; the jury took one hour to convict him for participating in the Georgetown

shooting. The sentencing phase of the trial begins today. Confer faces up to life in prison.

Jurors were told that Forrest and the four suspects were members of the Aryan Brotherhood, a prison gang known for drug dealing and other criminal activity. Its members tend to remain in the gang outside of jail and are sometimes called on to discipline each other, witnesses testified.

Assistant District Attorney Shawn Dick argued that Confer played a key role in the group's bungled plan to kill Forrest. But defense attorney Mike Davis said authorities had no proof that Confer fired a weapon or intended to kill anyone.

During the weeklong trial, the jury saw videotapes of Confer's conversations with police and audiotaped jail conversations in which gang members planned the shooting.

A man knocked on the door of Forrest's home at 2 a.m. July 22, 2002, asking for someone named James. Forrest testified that he ran the man off, then jumped in his own car to follow the man's white truck, hoping to get a license plate number.

Forrest said the driver of the truck, Trump, cut off his car. Cox emerged from the truck and fired at Forrest's car while Confer and Saunders hunched down on a nearby lawn and fired guns, Dick told jurors. The 15 to 20 bullets hit nearby cars and homes, splitting one neighbor's fishing pole in two. Forrest's pinky and ring fingers were cut during the attack.

After the shooting, Forrest chased the truck through the neighborhood; one irate neighbor threw a dog bowl at the truck, shattering the back window.

Police eventually stalled the

chase and arrested Trump. An officer found Saunders and Confer a few hours later on a Georgetown street. Police arrested Cox later at his home.

Police said they found two 9 mm handguns near the scene and two rifles in the back seat of the truck.

Dick said Confer was the high-ranking gang member of the four and, as such, would've been in charge of making sure Forrest was killed. Confer initially told police that he and the other three members had gone to Forrest's home to get marijuana; later he said the group went to collect an \$800 drug debt.

At one point, Confer told police that he had feared that his own life was in danger if he refused to go along that night.

"I thought they were going to kill me," he said.

Details: In referenced communication, the Domestic Terrorism Operations Unit (DTOU) advised recipient offices of a planning and strategy meeting for the Aryan Circle (AC) and Aryan Brotherhood of Texas (ABT) investigations to be held in Dallas, Texas July 9-10, 2003. The overall objectives of the meeting were as follows:

ABT

The ABT presentations identified the current leadership of the organization, as well as the rifts occurring among some of the organization's leaders. The ABT is made up of a paramilitary structure with wheel members acting as generals. The most significant rift between wheel members centered around whether the organization should be controlled by a three member wheel or a five member wheel. Each wheel member heads a designated region of Texas. According to source information, this rift has resulted in several unconfirmed homicides.

ABT criminal activity is mostly focused on drug trafficking and violent crimes. Senior ABT members have expressed the belief that methamphetamine is ruining the enterprise. Conclusion

It was noted that in several instances there appears to be an overlap (association) between the ABT and AC. It was also apparent that there is a great deal of overlap between Divisions and their investigations. The meeting created an opportunity for everyone to meet face to face and exchange information and ideas. Some of the investigative goals discussed were identifying numbers for pens and eventual Title IIIs and the continued utilization of Undercover Operations. It was agreed upon by all attendees that another meeting would be necessary in several months to identify progress and further coordinate investigative activity.

ARYAN BROTHERHOOD OF TEXAS (ABT)

b2

[REDACTED] is being initiated because the facts and circumstances set forth below reasonably indicate that two or more persons are engaged in an enterprise for the purpose of furthering political or social goals wholly or in part through activities that involve force or violence and violations of federal criminal laws as described in Section II, Subsection J of this document.

I. PREDICATION:

The Aryan Brotherhood of Texas (ABT) has emerged as one of the most violent domestic terrorist groups confronting the Austin/Central Texas area. The ABT has a highly organized structure and have been identified as a criminal enterprise that employs violence and other criminal activity in order to sustain the group's operations and further its political and social objectives of maintaining a pure white race. Various criminal investigations over the past two years, as well as liaison with other federal, state, and local law enforcement agencies have developed information on the ABT which show the group's dedication to maintaining the purity of the white race and maintain its viability as an organization. In furtherance of the ABT's goals and objectives, a number of violent criminal acts, to include murder, assaults, and drug trafficking have been conducted by ABT members.

In March of 2003 captioned Preliminary Inquiry investigation was initiated into possible terrorist activities of captioned organization. The ABT leadership and membership is dispersed throughout the state of Texas and Texas Prison System. The ABT's racist philosophies align them with race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group. The ABT is grounded in racial views that are shared by other white supremacist organizations. The groups hold to the philosophy that the white race should not be diluted by other races. The ABT is concerned that the white race will one day become a minority.

100H-SH-4401-64

II. BACKGROUND INFORMATION ON THE GROUP

An Interstate Transportation in Aid of Racketeering (ITAR) investigation was initiated into the members of the ABT by the San Antonio Division in April 2002 following the attempted murder of an ABT member in Austin, Texas. A recently released

[redacted] (to be explained below) named [redacted] aka [redacted] had

b6
b7C

[redacted]

Subsequent investigation conducted jointly by the Federal Bureau of Investigation (FBI), Austin Police Department (APD), Harris County Sheriffs Office (Houston), Texas Department of Public Safety (DPS) (Houston, Dallas, Austin), Bureau of Alcohol, Tobacco and Firearms (ATF) (Austin, Dallas), Georgetown Police Department, Medina County Sheriffs Office and other agencies, has revealed a pattern of criminal activity conducted by the ABT throughout Texas. The investigation has also revealed the general background and structure of the group as is further explained below.

The ABT traces its origins back to the California Department of Corrections in the early 1960s with a group called the Aryan Brotherhood. The Aryan Brotherhood is composed of white supremacist inmates and ex-convicts who have structured themselves into a group who have shown to be criminally active both inside and outside of the prison system. Although the ABT is not directly related to the Aryan Brotherhood, the ABT is modeled after the Aryan Brotherhood's organizational structure and purpose.

The ABT is a white supremacist organization centrally controlled from within the Texas Department of Corrections with ties to race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group. The organizational control stems from five (5) controlling "Generals" who make up "the Wheel" and who are normally incarcerated within the Texas Prison System. Each of the Wheel members controls a region of Texas which is divided up by county. The region "seats" include Dallas/Ft. Worth,

Austin/San Antonio, Amarillo/Lubbock, El Paso and Houston. The control is exercised through a paramilitary structure with a ranking Major in charge of each region and Lieutenants and Captains in charge of each representative city or county within the region. There are more than 1,000 documented ABT members in Texas.

Based on numerous interviews with members and associates of the ABT, reviews of ABT correspondence and photographs, conversations with other investigators, reviews of investigative reports, and experience in training, the following information has been determined. ABT members are required to maintain contact with each other both inside and outside of prison. This contact is normally maintained through [REDACTED]

b6
b7C
b7D

[REDACTED] The ranking members then hold regular meetings to further communicate. The activity within each region includes the trafficking of illegal drugs, to include methamphetamine, cocaine and marijuana, the trafficking of firearms, contract murders and public corruption. The ABT as an organization promotes the "purity" of the white race and aligns itself with other race based organizations and groups.

Based on interviews with numerous ABT members and associates, reviews of the ABT Constitution and Creed, and investigation conducted to date, investigators have determined that one of the racially based philosophies of the ABT is to "keep the whites for the whites" and to prevent other races from diluting the purity of the white race. They have concerns that the members of the white race will one day become a minority themselves. ABT members therefore "preach" their philosophy to not only their children, but to young people who are attracted to their lifestyle. They utilize white supremacist information available through the internet and other books and publications which they refer to as "religious literature" as a basis to spread their philosophies.

The racial views of the ABT are shared by other white supremacist and neo-Nazi groups such as the American Nazi Party, the Aryan Nations, the Silent Brotherhood, and the White Aryan Resistance. Along with distinctive, identifying ABT tattoos, most members have race based tattoos common to many of those groups to include swastika and SS related tattoos, along with "white power," "white pride" and skinhead type tattoos.

Politically, the Aryan Brotherhood of Texas members are encouraged to, "get politicians in pocket" and "get more political." They are encouraged to accomplish this thru bribery, coercion thru their illegal narcotics trafficking. These efforts are promoted in part in order to prevent perceived wrongs such as "blacks" and "Orientals" being able to acquire food stamps and welfare "no questions asked" while white people are forced to complete endless paperwork to do the same.

Due to the extensive criminal activity conducted by the ABT, their members are encouraged to recruit persons [REDACTED]

b7D

The ABT stockpile firearms and ammunition as they strongly believe that "easy grab" weapons must be readily available. The fire power, sometimes referred to as "the arsenal" [REDACTED]

b7D

III. PROPENSITY FOR VIOLENCE AND CRIMINAL ACTIVITY

The attempts to accomplish their overall goals have resulted in more than five murders and five attempted murders in Texas with known ties to the ABT within the past two years. The reputation gained from using force and intimidation empowers the members and associates of the ABT and furthers their goals of profiting from illegal activity and pursuing a pure white race.

The following list is a representative sampling of the wide spectrum of criminal activity that recent investigation has revealed.

The local cell of the ABT has been involved in several murders, aggravated assaults, weapons violations and narcotics trafficking. The murders and assaults are centered around

The ABT hierarchy is structured along basic military rank as alluded to earlier. There is a general for each of the five (5) regions. Under the general there is a major. The major is the second in command for the entire region and may in fact be on the outside, this helps the general maintain influence even while incarcerated. There is a captain or two-bar for each major city. There also may be a captain for each county within a region. For example, Austin has a captain for the city but so does Travis County. Austin is located within Travis County. The captain and major are appointed by the general and as such loyal to him. The captain will appoint a senior and junior lieutenant for his geographic area. There will also be a number of sergeants within a given area. The rest are brothers.

Full Field Investigation Instituted: 01/09/2004

Details: The Aryan Brotherhood of Texas (ABT) has emerged as one of the most violent domestic terrorist groups confronting the Austin/Central Texas area. The ABT has a highly organized structure and has been identified as a criminal enterprise that employs violence and other criminal activity in order to sustain the group's operations and further its political and social objectives of maintaining a pure white race. Various criminal investigations over the past two years, as well as liaison with other federal, state, and local law enforcement agencies have developed information regarding the ABT which shows the group's dedication to maintaining the purity of the white race and maintaining its viability as an organization. In furtherance of the ABT's goals and objectives, a number of violent criminal acts, to include murder, assault, and drug trafficking have been conducted by ABT members.

In March of 2003 a Preliminary Inquiry investigation was initiated into possible terrorist activities of captioned organization. The ABT is a white supremacist organization centrally controlled from within the Texas Department of

Corrections with ties to race based organizations throughout the country. The ABT is recognized by the Texas Department of Corrections as a security threat group. The organizational control stems from five (5) controlling "Generals" who make up "the Wheel" and who are normally incarcerated within the Texas Prison System. Each of the Wheel members controls a region of Texas which is divided up by counties. The region "seats" include Dallas/Ft. Worth, Austin/San Antonio, Amarillo/Lubbock, El Paso and Houston. Control is exercised through a paramilitary structure with a ranking Major in charge of each region and Lieutenants and Captains in charge of each representative city or county within the region. There are more than 1,000 documented ABT members in Texas.

Investigation conducted jointly by the Federal Bureau of Investigation (FBI), Austin Police Department (APD), Harris County Sheriff's Office (Houston), Texas Department of Public Safety (DPS) (Houston, Dallas, Austin), Bureau of Alcohol, Tobacco and Firearms (ATF) (Austin, Dallas), Georgetown Police Department, Medina County Sheriffs Office and other agencies, has revealed a pattern of criminal activity conducted by the ABT throughout Texas.

Due to the extensive criminal activity conducted by the ABT, their members are encouraged to recruit persons in

b7D

The attempts of the ABT to accomplish their overall goals have resulted in more than five murders and five attempted murders in Texas within the past two years. The reputation gained from using force and intimidation empowers the members and associates of the ABT. Their reputation and profit from illegal activity are used to further their goal of pursuing a pure white race.

The ultimate goal of this investigation is the eventual neutralization of the organization. At present, the investigation continues to positively identify the members and activities of the ABT. Members and/or cells associated with criminal activity will be investigated and prosecuted for the predicate offense in which they are involved. As each cell is effectively neutralized and possible new sources developed, the ABT leadership may be fully identified, damaged

Based on the above noted information and inasmuch as "facts and circumstances reasonably indicate that two or more persons are engaged in an enterprise for the purpose of furthering political or social goals wholly, or in part through activities that involve force or violence and a violation of the criminal laws of the United States" has occurred, in accordance with the Attorney General's Guidelines the San Antonio Special Agent in Charge (SAC) approved a Full Field [REDACTED] Investigation [REDACTED] of the Aryan Circle on 01/09/2004. b2

The Domestic Terrorism Operations Unit (DTOU), Domestic Terrorism Operations Section (DTOS), Counterterrorism Division has reviewed the enclosed LHM and concurs criminal activity on the part of the ABT meets the threshold set forth in the Attorney General Guidelines (AGG) on TEIs.

San Antonio should refer to the AGG, noting that SAC authority is needed to conduct this investigation beyond 01/09/2005. If renewal of this TEI is desired, San Antonio must provide DTOU with an EC and LHM reporting the approval of the SAC in San Antonio and the results of the investigation that contains justification for the renewal.

The ABT is involved in the manufacturing, distribution and sale of methamphetamine, as well as, other violent criminal activities ranging from the sale of illegal weapons to homicides.

Historically, the ABT was organized to operate with five leaders who each held the rank of general. This model, referred to as the five-spoke wheel, operated the ABT both within and outside the Texas prison system. Due to infighting among the ABT leadership, the five-spoke wheel concept was dissolved in a recent leadership split. After the split, the ABT was reorganized and currently operates on a three-spoke wheel concept. Due to the infighting and split within the ABT, it is unknown which subjects make up the present wheel. The ABT and the Aryan Circle (AC), another white supremacist organization with similar beliefs, recently formed a truce/peace treaty. The treaty dictates that the AC and ABT will not commit acts of violence against one another. Furthermore, the treaty established that the AC and ABT will work together to eliminate any non-white competitors attempting to sell methamphetamine, the main source of income for both groups.

Recently, [redacted] alias [redacted] an AC [redacted] Texas and [redacted] (unknown AC rank) rented the City Hall in McGregor, Texas to conduct an AC sponsored recruitment meeting.
